Re: PM 1699
Electrical Smoking Article Having Continuous
Tobacco Flavor Web and Flavor Cassette Therefor

Dear Jeff:

We enclose comments from the inventors regarding the draft of the above-identified application.

Dr. Lilly has advised whether we need to consider whether Messrs. Houghton, Myracle, Sprinkel, Houck, Washington and/or Lipowicz need to be considered as inventors.

Additionally, Dr. Lilly wants the pipe embodiments removed entirely from the application. I concur.

We are also developing a disk device. Please call to discuss whether that system should be part of the present application and its relation to claim 1, line 13.

Please be aware that we plan to file PM 1699 in Korea and Taiwan. We will need an expedited foreign filing license so that we can proceed immediately in Taiwan.

Thank you for your attention to this matter.

Very truly yours,

Charles E. B. Glenn
